

The No#1 Convoi Exceptionnel Permit specialist throughout Europe

U R G E N T !!! Only 30 days left to get Trailer Certificate of Keepers

Good News!

The new Trailer Registration scheme is up and Running

Bad News!!!!

***As a direct result...The Certificate of keeper
“CERT” is due to be withdrawn on the
27th March 2019***

EAF Logistics have made direct representation to the DVSA to lobby for this crucial Document to be saved. As well as advising the RHA & the HTA.

It's very welcome news that the UK has finally caught up with the rest of Europe and implemented a Registration scheme for Trailers.

*However for UK based Hauliers, the “CERT” is the **Life blood** for Convoi Exceptionnel, Bred Last and Schwertransport Permits throughout Europe and is their document of choice in providing all the weights and characteristics of trailers.*

Without it? future European Permit applications for UK based Hauliers could be jeopardized, both in extended permit process time and much higher costs.

We'll keep you up to speed on our on-going discussions with the DVSA.

Meanwhile, we only have 30 days until the Deadline!!

So, if you have any Trailer without a CERT? that you plan to use abroad?

Please contact us as a “Matter of urgency” so that we can obtain your Certificate of Keeper(s) before the deadline.

Call us now, we're here to help

**Warm regards,
THE EAF TEAM**
